

## Riverside Airport... exceeding your business needs

Riverside airport is ideally suited to provide the entire southern California region with the premier corporate aviation airport

- Located just 50 miles east of Los Angeles
- Minimal runway and airspace congestion
- At the hub of the best controlled jet routes
- Served by major freeways and rail lines
- LA, Orange, and San Diego Counties, just flight minutes away
- Unencumbered flights east to Arizona, Las Vegas and Texas
- Close to several established and rapidly growing industrial parks
- Several instrument approaches
- Radar equipped ATC tower coordinates directly with SoCal
- 65% below capacity while handling 97,000 flight operations
- Ample hanger space
- Lower fuel costs
- Lower housing costs
- Lower labor costs
- 20% less cost of living than in LA County

## Expanded Facilities & Services for Corporate Aviators

With a 5,400 foot ILS/GPS runway, riverside Airport can accommodate most business jets for flights throughout the continental United States and Mexico. Recently, the Airport terminal building was converted into a general aviation business center offering a wide range of services and amenities.

- Spacious transient ramp
- Ground services and fueling
- Flight standards district office at the Airport
- ILS/GPS/VOR approaches—terminal VOR
- Pilot's lounge
- Flight planning room
- Airframe and powerplant shops
- Conference Room
- Flight service station at the Airport
- FAA air traffic control tower
- Rental cars
- Restaurant
- Annual airshow

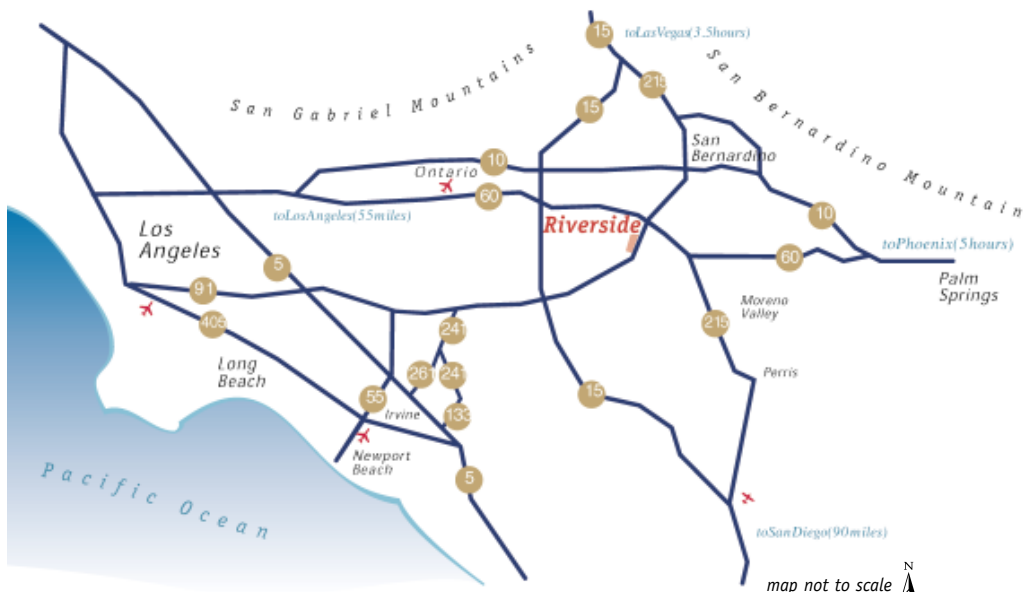

You will also find a variety of aviation support services at Riverside Airport, including avionics, flight training, air charter, pilot supplies, self-fueling, aircraft sales, hangar rentals, and maintenance repair services.
